**COMMENTS:**

**Tori says:** I am, of course, frustrated with the Supreme Court, whose majority decision to pretend we're now living in a completely post racial society has resulted in what will likely be the loss of one of our two Black United States Representatives in Congress. We keep going backward, and too many folks don't seem to care. We're now living in a nation where some white folks are afraid that in a few years they will be outnumbered by the Black and Brown people, and they are doing their very best to recreate apartheid. Changing the subject: Blues guitar legend Buddy Guy is coming to the Shoals this month. Y'all might remember his cameo at the end of the movie "Sinners". Last, I took the guy from the United Kingdom to Leighton and he had a chance to push buttons and hear songs by Jimmy Hughes and Percy Sledge by the mural depicting them both. (The artist included clouds on the mural. Lots of folks don't know that Jimmy Hughes and my father were in a gospel group called the "Singing Clouds" before the song "Steal Away" came to be.) Now I gotta go spend some time with my Mama. Tori
