Candi Staton ft. Kelly G.	Power Of One	Power Of One	Defected

COMMENTS:

Darryl says: He likes the new Soul song by Candi Staton f/Kelly G. called Power Of One on Defected.

Tori says: Handy Festival 2024 headliner was The Bar-Kays featuring the one and only Larry Dodson! We had anticipation that it was gonna be the best and we were right. The Bar-Kays made that stage way too hot to stop! This was no hit and run cuz the Bar-Kays made us move our boogie bodies, shake our rumps to the funk, and do the freak show on the dance floor. We caught some holy ghost and some attitude. People came in from all over to see and sing along with the hottest band in the nation, from very young to the seasoned ones, including my mom, my friends, and some fine brothers! Even my dad's attorney said it was the best show he'd ever seen, and his little blond daughter was so excited to catch Larry Dodson's sweaty towel, lol. The Bar-Kays had done some real funky instrumentals in the 60's but didn't really "become" until my guy Larry Dodson became their very first lead singer. He's the man you hear on those many Bar-kays songs that topped the charts. If you haven't caught Larry and the Bar-Kays lately, find out where they're playing and GO. Seriously. Phew! Thanks to Arlinda Garrett for sending us two good songs that have been added this week! Much peace and love to every one of y'all, Tori.
