COMMENTS:

Darryl says: He likes PleasureMore's new version of "Break Up To Make Up" on TB UNIVERSAL, LLC.

Tori says: Special thanks to Eric Benet for the very nice call. I remember meeting him in New Orleans during an NBPC convention after he'd gone solo. We talked about his group Benet, with his sister, and their really smooth version of the Carpenter's "Rainy Days & Mondays". A few years ago, he performed in Birmingham, Alabama. The line of ladies wanting him to autograph his cd was long, so I took it upon myself to start removing the shrink wrap ahead of time for him in order to move the line faster. Don't think he even remembered me at the time but he would have been there all night otherwise, bless his heart. Eric Benet given us some really good music over the years... "Love Don't Love Me", "Let's Stay Together", "Georgy Porgy" duet with Faith Evans, "Sunshine", "You're The Only One", and too many more to name. And he's still doing it. His song we're playing now, with Tamar Braxton, shows that he knows how to deliver a love song. And on top of it all, he's a nice guy. So Ken, thanks for having him call, and yeah I'm gonna want some drops from that brother. Tori
