COMMENTS:

Darryl says: He likes the new jazz selection by George A. Johnson titled "Summer Jazz" on Wolf Ent.

Tori says: I wore my really cool William Bell tennis shoes yesterday! Happy to hear that Stevie Wonder has come back to the States to bring his much needed music with it's themes of joy, love, and happiness. He's doing a tour, so I'm hoping to catch one of his concerts even if it means I'll have to take a road or plane trip. His songs have always been in the key of my life and we are all blessed to have that brother. If you're not registered to vote, please do it. If you're still confused about who Kamala is, watch the presidential debate, research what she accomplished long before she was our VP, or heck, find and view her interview with Luke Skywalker! Check your voter status, and that of your friends, family, neighbors, fellow church members, EVERYBODY in your sphere. Don't sleep this one out. Love and peace, Tori
