**COMMENTS:**

**Darryl says:** His pick this week is by Toni Greene and titled "Tell Her" on Soul Side Music Productions.

**Tori says:** I'm really appreciating October London, and am feeling grateful to him for crooning like Marvin and keeping true R&B alive. Whether he's solo, with a jazz artist like Boney James, or collaborating with a diverse group of artists, October is the truth. I'm also a fan of the entire Ledisi album and have been singing about not saying no. Please help spread the word that it is LEGAL to wear whatever you wish (even a candidate's shirt), and it is LEGAL to take sample ballot with you, whether printed on paper or on your cell phone. You can have your cell phone with you, although it is ILLEGAL to take photos or recordings of other voters, and no one should hold loud conversations on their cells which could be a distraction. I had the unpleasant surprise of seeing Krooked Kwame, the Devil's Detroit Deputy, speak to a group of Alabama county officials. He was invited there by someone with no integrity. The whole situation was pathetic. Kwame was in prison because he broke the law. He's out there being Stepn Fetchit for another crook, Donald Trump, who got him out. If you haven't already early voted, please go out and vote for the Sister who is trying to make our country better for all of us. Love and peace to all of you. Tori
