COMMENTS:

Darryl says: He likes **Lenny Williams new single "It's Yours" on Never stop ent. Very Good.**

Tori says: The duo War & Treaty's song "Stealing A Kiss" has climbed to the top of our Blues and Soul Playlist! As I've said before, I had the pleasure of seeing them perform when FAME Recording Studios (where they made some recording magic) celebrated sixty-five years of being the place where some of the best music in the world was created and immortalized. We were hanging out over in Huntsville, Alabama, and War & Treaty were the last to perform at that concert. It was the first time I'd ever seen them and gotta say that I was blown away by their talent. They're not at all your average performers. Think back to soulful rock of Mother's Finest and you'll have a pretty good idea of what War & Treaty brings to the party. Radio: if you don't have their music, and you want something good to play, shoot me an email and I'll forward it to their people. Tori
