**COMMENTS:**

**Darryl says:** he wants to add Bigg Robb. We'll probably get to that but we're going with Nathan and Noah East.

**Tori says:** Trigger alert... I have always stood with women who have been abused by men, and have even ended up with a black eye trying to protect a woman whose husband was beating her. That said, I don't usually weigh in on accusations until the full story is revealed and a decision comes back from a jury. But I will say here and now that I don't believe anything those women are saying about Smokey Robinson. That's one jury I wish I could sit on. Ladies let's be on the lookout for any sisters who need our help to escape an ugly abusive situation, but let's not always assume that our brothers are guilty. Some women do lie. If you choose to stay around and take the money, then at some point it becomes a business transaction and you're no longer the victim. Unless you are a child, or have a mental deficiency, then you have some responsibility for your situation. And if you're making up a story because you are doing a hustle at someone else's expense, you'll have to answer for that one day. TCB
