COMMENTS:

Darryl says: He chilled for Memorial Day. Reggie Boone's new single will be our Blues and Soul add next week.

Tori says: I finally went to the theater to see Sinners the other day. That movie is very good. We've had so much rain and even some tornadoes over here. Hope everyone is staying as safe as possible cuz we don't know what the Lord has coming our way. Right now I'm sitting here with Darryl and we're listening to WZZA. I love that we're playing Southern Avenue's "Upside", one of those trail-riding Black Country sounding songs by some sisters who are showing how it oughta be done. I've heard Mr. David's "Knock Da Fire" (which sounds just like something Tony Mercedes would say) so many times because we've been playing the song here at the Soul of the Shoals. As I've said, the song samples the Pointer Sisters song "Fire" and we have been known to follow David's song with their song. But today, for some reason, I was listening closely to David and for the first time I realized he was quoting Mavis Staples from the song "I'll Take You There" at the end. "David, I need you here, Big David. All right." And I laughed and got all excited and was telling Darryl and Hydeia about it. TCB
