**COMMENTS:**

**Tori says:** Does anyone bother to make new year's resolutions anymore? Ok I'm making mine. My treadmill will no longer be dusty because I will actually use it. I'm going to eat more fruits and vegetables. I'm going to seek and find more joy and spend more time with loved ones. I'm stopping to smell the tulips, etc. I'm going to not let folks bug me which means no longer catering to crazy. I'm going to learn to just say no (unless it's got some thc in it.) I'm going to try to grow a garden (or make friends with others who already have gardens.) I'm ignoring ignorance. I'm gonna spend more time traveling. I'm going to start saving money. I want to invent something. And maybe start writing a book (with maybe a few names changed to protect the guilty, lol) but with some of the wild stories that you just can't make up. That's my dozen. Yep, it's a brand new mix for 2026. Tori
