COMMENTS:

Tori says: WZZA continues to attract radio listeners from around the world. Recently someone messaged me from the United Kingdom. Says he's planning to visit the Shoals area this month so we'll give him the tour, and he'll be my talk show guest. So, the other day, the police were checking on something when a fellow - who had apparently been watching from across the street - decided to stroll over, claim to be from homeland security, and cuss them straight out. At some point, they decided to arrest him. He resisted so they used the police dog. The dog bit him. So he bit the dog back. There's like eleven minutes of video and you can hear the officer telling him to let the dog go. And no, I'm not making any of this up. I really wish that I were. I don't know whether the brother has mental issues, or whether he was on something really, really, really potent. This is a cautionary tale. Stick with weed. Tori
