COMMENTS:

Tori says: We lost the one and only Jimmy Hughes last Wednesday and I am missing having conversations with him already. He was knowledgeable about this business and the players in it and could have written books about what to do and what not to do as a singer song-writer. Recently he told me about his dealings with the Library of Congress. When I told him PooPooMan was releasing Steal Away, he just laughed and said he hoped there were lots of sales (cuz the brother kept his publishing!) I remember years ago when some cat in Europe reported that he was already gone and I sent an email to let him know that was far from true. Then he got excited and then wanted to interview the one and only Jimmy Hughes. Jimmy didn't seek the spotlight. But he definitely deserved it. Jimmy is part of our WZZA Radio Tour. We appreciate his family for sharing him with the rest of us. Tori
